

Junior Business Controller

Do you have the ambition and potential to develop yourself to a business controller within Brunel's leading, international and dynamic work environment? At our corporate head office in Amsterdam we are looking for a (junior) business controller!

Samenvatting

- Vacature nummer: PUB202611
- Markt: Services
- Branche: Finance
- Expertisegebied: Planning & Control
- Uren per week: 40
- Opleidingsniveau: WO Master
- Sluitingsdatum: woensdag 24 april 2019

De functie

As a (junior) business controller you will support the business controllers and will be responsible for the preparation of group budget & forecasts for given (specific) regional or holding entities, (financial) analyses, and the review of

performance against these budgets & forecasts. You will act as a sparring partner for regional financial controllers and local finance teams and report weekly KPI's towards the board of directors. The review of internal processes and procedures is part of your responsibilities. As well as ensuring compliance with corporate policies across all locations and the preparation of timely and accurate monthly management accounts and reports for operational management. You assist in the accounting and the preparation of reporting for our entities under IFRS and the preparation of consolidated analysis of results for multiple reporting entities. Also, you participate in special projects and global (internal) change projects and possibly take on responsibility for the accounting of one or more holding companies.

Over jou

- Master degree in Accounting, Control or Business Administration
- Minimum 3 years relevant business control and preferably auditing experience
- Thorough understanding of International Financial Reporting Standards (IFRS)
- Excellent communication and presentation skills
- Ability to translate financial and operational metrics into simple and clear management information
- A proactive, hands-on, result driven and responsible attitude
- Fluent in Dutch and English, willing to travel (10-20% of time) (Fluently Dutch is mandatory)
- Experience with Tagetik and Microsoft Navision is a plus

Wat wij bieden

You will work in the corporate head office in Amsterdam surrounded by a young team of eager and dedicated specialists. You will receive a very attractive remuneration package, including a bonus opportunity, a company car and financial benefits.
