

Process Engineer

For a semiconductor in Nijmegen area, we are looking for an experienced process engineer for the section lithography.

Samenvatting

- Vacature nummer: PUB202663
- Markt: Industrie
- Branche: High Tech
- Expertisegebied: Operations & Onderhoud
- Uren per week: 40
- Opleidingsniveau: HBO
- Sluitingsdatum: vrijdag 26 april 2019

De functie

As a process engineer you will be part of the project ramp up team. You will run a qualification program to release existing litho steps on other litho tools. Depending on your experience you will run one or more qualification programs independently or otherwise under supervision of one of the process engineers. Your main responsibilities concern: Supporting qualification programs on litho

tools and defining qualification tests. Running silicon for the qualification programs on litho and metrology tools. Data gathering and analyzing for qualification report. Writing the qualification report. Good aligning of all activities with the responsible process engineer.

Over jou

- Bachelor or master degree in physics, chemistry or process development
- 2+ Years of relevant experience in a comparable job in the semiconductor industry, section lithography

- Analytical skills, problem solving techniques
- Precise, focus on quality
- Result driven
- Willingness to work flexible times if necessary
- Effective communication and organization skills

Wat wij bieden

Brunel offers outstanding individuals a highly diverse and challenging job opportunity in a company where an open, professional and pleasant working culture is greatly valued; where your personal initiatives will be noticed and rewarded; and where you will receive all the support, coaching and training you need for your future career. This is your opportunity to discover a wide range of sectors and activities and develop your expertise in a fast-moving and results-oriented environment. Being intermediated by Brunel means that you are contracted by Brunel. Not only you will have a contract, you will as well be assured of a great career! Our primary and secondary terms of work are excellent. A few examples are price reductions at CZ Health Insurance, bonus opportunities and standard 26 days off. Brunel Engineering intermediates both junior and senior engineers within the industry for over 30 years now. Our clients vary from multinationals to local companies. Together we will find the job which meets your wishes.
