

Embedded Software Engineer

Do you want to play an active role in system design and system integration processes? For our client, located in Almere and Eindhoven, we are looking for an embedded software engineer!

Samenvatting

- Vacature nummer: PUB202696
- Markt: Industrie
- Branche: High Tech
- Expertisegebied: R&D
- Uren per week: 40
- Opleidingsniveau: HBO
- Sluitingsdatum: woensdag 24 april 2019

De functie

You will be responsible for your own work, from concept and architectural choices up to testing and finally tagging your release code and binaries. The flat organization gives a lot of freedom, but also requires a high level of professionalism and autonomy.

Over jou

- Bachelor or master hardcore Embedded Software Engineer
- At least 5 years' experience in Embedded SW Engineering
- Experience in programming microcontrollers
- Experience in programming in C. Experience in C++ as well is an advantage
- Experience with power electronics is strong advantage
- Experience with CANBus or other communication protocols is a strong advantage
- Experience with Bluetooth is a strong advantage
- Experience in hardware testing and validation
- Ability to understand schematics and troubleshoot electronic circuitry

Wat wij bieden

Being intermediated by Brunel means that you are contracted by Brunel. Not only you will have a contract, you will as well be assured of a great career. Our primary and secondary terms of work are excellent. A few examples are price reductions at CZ Health Insurance, bonus opportunities and standard 26 days off. Brunel Engineering intermediates both Junior and Senior Engineers within the industry for over 30 years now. Our clients vary from multinationals to local companies. Together we will find the job which meets your wishes. Since you are living in another country and probably don't immediately know how to find your way in the Netherlands, Brunel can help you with this. As an international company, we know better than anyone what it is like to move to a foreign country to work. This is why we can arrange the most important things - including those that don't involve your job - for you and your partner so that you can fully focus on your career in the Netherlands.
