

System Install Engineer

Working on the newest ASML machines while traveling the globe. Sounds exciting? Then a role as global install engineer could be the role for you! If you have a finished bachelor or master degree in Engineering you are welcome to apply!

Samenvatting

- Vacature nummer: PUB208647
- Markt: Industrie
- Branche: High Tech
- Expertisegebied: Operations & Onderhoud
- Uren per week: 40
- Opleidingsniveau: HBO
- Sluitingsdatum: woensdag 5 juni 2019

De functie

As global install engineer it is your job to assemble, modify and test ASML products or (sub) systems in regards to specifications and deadlines. You will install and align components for a source module. In addition, you will prepare

the source, install, and connect the source module to the scanner within the machine. It is vital that you are able to schedule and prioritize your own work. Besides this, you will need to identify structural problems and support other engineers during diagnostic processes.

We are looking for someone who will actively search for new knowledge and is open to share his/her own knowledge and skills.

Over jou

- A finished bachelor or master degree in Electrical Engineering, Mechanical Engineer, Mechatronics, Automotive or Aerospace
- Hands-on experience within a high tech production or customer support environment
- Affinity with testing/assembling and troubleshooting is essential
- Willing to work in a multidisciplinary team
- Willing to travel on a regular basis (at least 4 times a year for 4-6 weeks)
- You can work independent in a stressful environment
- You master the English language

Wat wij bieden

Being intermediated by Brunel means that you are contracted by Brunel. Not only will you have a contract, you will also be assured of a great career! Our primary and secondary terms of work are excellent. A few examples are price reductions at CZ Health Insurance, bonus opportunities and standard 26 days off. Brunel Engineering intermediates both junior and senior engineers within the industry for over 30 years now. Our clients vary from multinationals to local companies.
